LEXANT

Present participle of a fantasy verb that combines our culture of law with the ant's ability to achieve extraordinary team results.

Lexant

Your trusted partner

In the path traced over the years, the Law Firm SLACC, founded and directed by the lawyers **Anna Caimmi** and **Andrea Davide Arnaldi**, is renewed, with a new identity and name: Lexant.

The constantly evolving forensic practice, the daily work alongside the clients and the flexibility of the Firm, have contributed significantly to define this renovation path.

The **evolutionary roadmap** of SLACC before and of Lexant now, has been outlined in the **innovation** of the Firm's organizational model, definitely in a league of its own, in the **sectoral expertise** and in the achievement of the **clients' trust**.

The Firm, considered as a whole, is the key player and guarantor of the quality of its professionals: multi-skilled and flexible, who provide their expertise in a wide range of activities, with the ability to put, in every legal issue faced, a careful, specific and at the same time comprehensive vision.

For this reason, the Firm has found in the Lexant brand an identity so fitting with respect to what is its nature: **strength, industriousness and dedication, willingness to go the extra mile, power of collective intelligence**.

Its success, therefore, cannot be measured only according to the standard criteria of the legal community - number of lawyers, offices, turnover - **but can be assessed notably in its innovative mentality**.

Lexant listens, understands and make itself understood: a simple modus operandi, in some ways courageous and certainly in line with its new identity.

TWO FOUNDING PARTNERS, A TEAM OF 20 PROFESSIONALS INCLUDING LAWYERS AND TAX CONSULTANTS, FOUR OFFICES IN ITALY, AN EXTREMELY LOYAL CLIENT PORTFOLIO COMPOSED OF MULTINATIONALS AND SMEs OPERATING IN EVERY INDUSTRY AND A SERIES OF INNOVATIVE SERVICES: THIS IS, IN A NUTSHELL, LEXANT'S IMAGE.

PROGETTO INDABO

Lexant, in collaboration with the City of Butar and the Onlus "Pro Social and Missionary Works of the Community Servants of Mary of the Heart of Jesus", supports this project aimed at ensuring education and medical care for Rwandan street children who live in disastrous hygienic conditions and suffer from malnutrition.

GOOD PLAY ACADEMY SPORT

Lexant is the promoter of this association dealing with school-age children's issues, with particular reference to sport, which becomes an important educational tool, a strong moment of sharing between people with disabilities and able-bodied in the same field, an important personal growth experience for everyone.
